AMENDMENT TO
LANGLEY
MODIFIED RULES

**Modified Division**
- South Boston Speedway will be using the Modified rules from Langley Speedway.
- Changes to the Modified rules from Langley Speedway are as follow:
  - Both ends of the Tie Rods can have Heim ends
  - Any OEM spindle can be used just need to be the same left to right (nothing changed on the Howe portion)
  - Lower A-Frames any OEM or aftermarket but must be the same left to right, same in length also and non-adjustable (fixed ends)
  - All cars can have a front and back windshield
  - Engines any magnetic steel block
  - Carburetor just as they were at your first race (no booster rules) just a maximum butterfly and venturi diameter is 1.750 inches and a maximum 3” spacer between the carburetor and the intake
